

Meet the Team

Steven Greason - Community Engagement Manager

Hi I'm Steven, and I'm leading the Ageing in Place project in Bury.

I've been working in the health and wellbeing sector for over 10 years and

I'm passionate about helping people live happier, healthier lives.

The Ageing in Place Pathfinder was a perfect fit to help me achieve this.

Growing older shouldn't be a barrier to staying a part of your community and with this project I am able to remove the barriers, deliver more activities and make Bury an age-friendly place to live.

Hannah Crompton - Community Connector

My name is Hannah and I'm a community connector for Ageing in Place.

Being involved in your community really does change your life for the better. It keeps you happier and healthier for longer, which is something we all hope for.

That's why we've made small changes across Bury, like adding a handrail, painting yellow edges on steps and re-opening The Green Café which all make a big difference to the community.

You might see me cycling from place to place, as well as trying new crafts and drinking lots of tea!

Violetta Rigby - Community Connector

Hi I'm Violetta, but you can call me Vee.

I'm a caring person who loves looking after others, which is why being a part of Ageing in Place means so much to me. Supporting people and helping them thrive is a passion of mine.

I know it's important to have accessible places close to home. I'm a self-proclaimed foodie and love trying new places to eat in Bury. I also enjoy going on regular walks such as Burrs Country Park, often followed by a cheeky drink at The Brown Cow, as well as long scenic walks around the Lake District.

If you spot me out and about, please come and say hello!
