

## September 2025 Update

The funding for our Moorside Ageing in Place Pathfinder is coming to an end and we're proud to reflect on the incredible legacy we've built together in the community.

At the heart of this legacy is the vibrant and welcoming The Green Community Café, which hosts a range of weekly events that are suitable for all ages. The café is now a lively hub where residents come to connect, share stories, and build friendships.

We've also transformed our Top Green garden into a safe and thriving community garden. With over 100 volunteers contributing their time and energy, the garden has blossomed into a cherished green space and a true community asset. Together, the café and garden have created an age-friendly environment that brings people of all ages together.

The café and garden will stay open, and events will continue to run each week, even as the Ageing in Place Pathfinder expands to new areas. Thanks to our dedicated lead volunteers, we've established a group called Moorside Outside. This group will carry forward the mission of making Moorside an age-friendly place to live and will have the ability to apply for funding to support future activities and projects.

Looking ahead, the Ageing in Place Pathfinder is expanding to five more areas:

- Bury East
- Radcliffe East and West
- Prestwich
- Whitefield
- Elton

If you live in one of these areas and would like to get involved, we'd love to hear from you!
